Fall Protection and Rescue Specialists

**ARE YOU
CONNECTED?**

WE ARE!

**"IF YOU'RE NOT
CONNECTED, YOU'RE
NOT PROTECTED!"**

Born to do a job?

Done it a 1,000 times?

Nothing will ever happen to me!

THINK AGAIN!

Did you know?

14% of all work related deaths are due to falls.

20% of fatal falls at work, occur from heights of less than 15 ft.

How we can help?

It is our responsibility at Safety Connection, Inc. to train and impart our invaluable in-depth knowledge and experience of Fall Protection and Rescue to our students and clients in order to keep them safe and alive. We provide you with real life, hands on scenarios during our training to ensure you are using the proper equipment and technique.

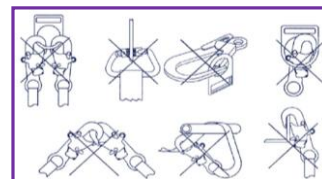

Training

We have certified professional trainers that conduct various classes for Fall Protection and Rescue at our indoor training facilities in Baton Rouge, LA and Houston, TX or at your location. We conduct hands on training with real life scenarios to ensure you have the best understanding and knowledge available. Our classes are interactive and we ensure you leave up to date on all new OSHA, ANSI Z359 and NFPA standards.

- Authorized Person
- Competent Person
- Competent Rescue
- Crane Fall Protection and Rescue
- Tower Climber Classes – Authorized Climber, Competent Climber, Competent Climber & Rescue

Stand by Rescue

Our stand by rescue team consists of certified Competent Person, Confined Space and Competent Rescue trainers that are available to go out to any jobsite offshore or on land. Our goal is to use our experience and knowledge to not only perform a rescue, but also to eliminate any hazards that could potentially cause a fall.

COMMON HAZARDS

Consulting/Inspection

We offer on-site Equipment Inspection and Fall Hazard Assessments for any fall hazard situation. Our professionals will come out to your jobsite and inspect the potential hazard. The hazard is captured with a photograph and a summary report is generated with a suggestive plan of action. This service is offered at any jobsite.

Installation

Our certified trainer/installers are available to go to any jobsite around the world and install fall protection systems.
